ABOUT

MERN Stack & Next.js Developer with hands-on experience building scalable, production-ready web applications. Strong foundation in React.js, Node.js, Express.js, MongoDB, and Next.js with practical exposure to authentication, REST APIs, role-based access control, and deployments. Passionate about clean code, performance optimization, and learning industry best practices. Seeking entry-level or internship opportunities in product-based companies.

SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, ShadCN UI, Responsive Design

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Role-Based Access Control (RBAC)

Database: MongoDB, Mongoose

Tools & Platforms: Git, GitHub, Postman, VS Code, NPM, Chrome DevTools

Deployment: Netlify, Vercel, Render

Core Concepts: CRUD Operations, API Integration, MVC Architecture, Microservices for API Authentication & Authorization, Clean Code Practices.

PROJECTS

Billing & Inventory Automation System (Company Project)

Tech Stack: MERN Stack, Next.js, ShadCN UI, Tailwind CSS, MongoDB, JWT, WhatsApp API, RBAC, Postman

Deployment: Netlify

- Designed and developed a billing and inventory automation system to simplify invoice generation and inventory transfers for businesses using Tally software.
- Implemented secure user authentication and authorization using JWT.
- Built RESTful CRUD APIs for invoices, inventory, and business data.
- Integrated WhatsApp API to automate invoice and notification delivery.
- Focused on scalability, maintainability, and real-world business workflows.

BookHive – Library Management System (Personal Project, CURRENTLY WORKING ON) :

Deployed Link : [Live Preview](#)

Tech Stack: MERN Stack, Next.js, Tailwind CSS, MongoDB, JWT, RBAC, Postman

Deployment: Vercel (Frontend), Render (Backend)

- Developed a role-based access control system for Admin and User roles.
- Implemented authentication, protected routes, and secure API access using JWT.
- Built REST APIs for book management, user management, and issue/return workflows.
- Deployed frontend and backend separately following industry deployment practices.

GDG SOU Official Website : *Next.js* | Developed a community website for Google Developer Group SOU. Converted Figma Design to fully functioning Website.

Foodie's Hub : Café Website | **React.js, Tailwind CSS** | Responsive food business site with interactive UI.

Moso Interior : Furniture Business Site | **React.js, Tailwind CSS** | Modern product showcase with clean visuals.

Scenic : Media Agency Portfolio | **React.js, Tailwind CSS** | Agency portfolio highlighting services and work.

EXPERIENCE

Way to Code Technologies — *React Developer (Intern / Trainee)*
Jan 2025 – June 2025

- Built reusable and responsive UI components using React.js and modern JavaScript (ES6+).
- Integrated REST APIs and managed client-side data flow.
- Collaborated with cross-functional teams to improve UI consistency and performance.
- Followed clean code principles and best practices used in real-world applications.

Raapyd — *Web Developer React + Angular (Intern)*
July 2025 – Sept 2025

- Developed responsive web pages and application features using React.js and Tailwind CSS.
- Worked on API integration and debugging frontend-backend issues.
- Improved application usability and performance through iterative enhancements.

Tech Stack India — *MERN Stack + Next.js Developer (Full Time)*
Sept 2025 – Dec 2025

- Developed full-stack applications using MongoDB, Express.js, React.js, Node.js, and Next.js.
- Implemented secure authentication and authorization using JWT.
- Built and tested CRUD APIs following RESTful standards.
- Deployed applications with environment-based configuration for production.

ADDITIONAL CERTIFICATIONS

Leadership, Problem Solving, Collaboration, Time Management, Dedication to skill enhancement, Strong problem-solving and analytical skills, Familiar with Agile development and Git-based workflows

Languages: Fluent in English, Hindi and Gujarati

Introduction to Cloud – AWS Academy

Data Structures & Algorithms Using Java – NPTEL

S.O.L.I.D Programming Principles – Edureka

Postman API Fundamentals Student Expert : Postman

EDUCATION

Bachelor of Technology (C.E.) – Silver Oak University, Ahmedabad (on-going)

Class XII –National High School, Ahmedabad

Class X – ASIA English School, Ahmedabad
